Pope Lake Hunt Club

Oct. 2021
Volume 12, Issue 9

Making Ready

Here we are getting ready for another Duck Hunting Season at the Pope Lake Hunt Club. The early Goose season was pretty much a bust for our club but that's how it goes. Heard that the South end of the Island did OK.

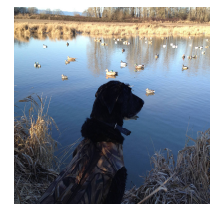

After much discussion this year about the Corvi-19 and a survey sent out to the membership we will be having Saturday lunches as in year past. To come to the lunches, you will need to have your vaccine shots. We understand this in not a 100% prevention.

With that said we will be doing what we can to keep things clean. In addition, we will be setting up an extra dining table outside on the patio. Bruce Weaver has volunteer to cooking the 1st lunch, He indicated it will be steak. If you would like to provide a Saturday Lunch, please let me know.

Duck Unlimited Fund Raiser at Pope Lake

Because of the corvi-19 prodocol and not knowing what to expect as far as State Rules, it left very little time to plan. It was desided by the Sauvie Island committee to have a Sponsor only event. I volunteered Pope Lake Hunt Club as the event place because of it being much smaller than in years past. The event rasied about \$19,000.00 dollards, with 20% expense for food, and prizes. That put 80% going to the DU fund. This is great as we only had about 60 people at the event.

CALENDAR OF COMING EVENTS

- | | | |
