This year's duck season went out with a whimper. The last week of the season was slow. Sunday, we picked up all the duck decoys. It sure went fast with all the help we had. Heath, Rob, and Michael jumped in the boat and retrieved all of the front lake decoys, Terry, Matt Blue, Reese Potter, Mike Sperr slog thru the back lake and picked up all the back lake decoys. Paul and I ferried the decoy up to the cleaning area. Next Friday we will be setting out the final bunch field goose decoys and arranging the

floater in the front lake. Terry will be ramrodding this endeavor. The 3rd Northwest Goose gets underway on Saturday February 5. The snows and Canada geese were all over us on January 26 in the fog. The weather forecast looks like it might be a repeat for the opener. Ill be gone to Arizona for a little golf. So Good Luck.
