## Flood of 2024

January was an interesting month at the club. As the freeze moved in the duck hunting picked up a lot. Unfortunately it did not last long as the temperatures increased the snow melted and the rain began. As the ODFW pump is not working the water rose to flood state. (Hopefully they get it fixed this year) With all the rain the sheet water also came the duck spreading out as well. Pope Lake Hunt Club hosted a special duck hunt and lunch for are armed force veterans. This was ramrodded by Terry

Martin with assistance from Dale Mazar, Martin Hudson, Gary Kish, although I could not attend it was reported that all the vet's had a good time. Other duck club that also participate were Don Anderson club, and Mark Beall. As Terry mention nobody went away hungry. Great job guys.
