

# July-Aug. 2024 Newsletter

Pope Lake Hunt Club

July-Aug. 2024  
Volume 15, Issue 7

## Making Ready for Next Season

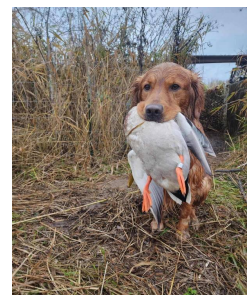

The planting is doing great. The first cutting of alfalfa has taken place. The corn is chest high. We will have rows of corn to cover the blinds next to the lakes. We are having several work parties this summer to try and get thing back to normal after the hi water. As always, we will have our Trap shoots in June, July, and August. The date and times will be posted in the Newsletter and notices will be sent out a few weeks before the shoots. The dike

repair project for the North end is just about completed. We will be adding grass seed on top of earth work when complete. Terry and his crew have done a great job sorting thru the decoys sorting out the bad ones and placing the others in bags and boxes and putting on shelf. Don't forget to come to the DU Banquet Sept. 14, at Pope Lake Hunt Club
