The Season is Underway

As we finish up the 2nd month of duck hunting. Things started to pick up some but not nearly as much as we had expected. The Oregon Dept. of F.W. has been averaging just over one bird per man day hunted in most unit with 2 areas up to almost 4. The total bird count on the 8,492 ducks as of this writing. The big wind at the cost brought in some few ducks but with all the sheet water around because of the rain the birds are scatted all over the place. My thought is until we get some freezing

weather hunting will remain a bit slow. The good news is the 2nd Goose season has opened. The Saturday lunches have been great I would like to thank all the people that have provided them. Well, that's all for now Good Hunting and say safe.
