Things are Happing

As summer quickly passes, we are in the middle of some project that should improve our chance of harvesting more ducks this fall. Terry and his crew have been repainting and refurbishing the clubs' decoys. This project ramrodded by Terry is important to the success of our hunting season as everyone know good looking decoys can make a big difference. Another project is modifying the

blinds. This is being done by Matt and Gary along with help from Roy one of the new shooting members. We have been for the last few years improving cover at the blinds. This year we have added more fenced area behind the blinds to help keep the cover up till the end of the season.

Another project we hope to complete this August is rebuilding the South dike and ramp at the south end of blind seven. With all this said we need everybody to try and keep out of the new fenced area behind the blind. Another project is one that Gary and Roy have been working on is planting so Hazel Nut trees on the far South end of the property. To attract some Wood duck. To finish up the decoy work we will be having a all hands work party on **Saturday August 23, Starting at 9**

Scheduled Work Partys Summer & Fall

<u>Date:</u>	<u>Start Time</u>	<u>Reason</u>	<u>Who</u>
Saturday Aug. 23.	9AM- 12:00	Sort Decoys and Restore.	All Hands

Things we hope to take care of at the work party.

- 1). Take all the decoys down and sort out bad ones. Tie strings and weights on new duck decoys.
- 2). Put floors, backs and roofs on (2) field blinds. Stake and tie up corn to file blinds and area around them.
- 3). Clean out upstairs rooms and discard not needed items on burn pile.
- 4). Clean junk out of inside and outside locker rooms.

TRAP SHOOT SCHEDULE FOR 2025
