Pope Lake Hunt Club

Sept. 2025  
Volume 16, Issue 8

## Getting Ready

As we come to the end of the summer, we see a few ducks and geese around the club. There has been a small bunch of geese hanging around the front lake for the last few weeks. As well as about a dozen ducks hanging out. With that said if you plan on hunting the early Goose season (Sept 6 thru Sept20) If you put out goose decoys, they need to be picked up no later that Sept. 21. The summer work parties have gone well. We have gotten a lot done. With that

said we have one big project that should be starting on or about Sept. 1. We will be rebuilding the South dike just like we did to the North last season. Please make sure if you go out that you stay clear of the work area.

We spent a great deal of time cleaning and organizing everything in the barn. LET'S TRY AND KEEP IT THAT WAY. THANKS.
